

Technical Datasheet

TSI 108/13

Description	Anti-slip safety insert self adhesive
Reference	TSI
Product-Group	Insert for stair nosing profiles
Material	Special Blend of PVC, silica quartz and polymeric Plastic
Length Insert	250 cm
Length Roll	25m
Color	Light Grey
Width	13mm
Thickness	Approx. 3,5mm
Weight	0,06 kg/m
Installation temperature	Min. 15°C
Slip resistance	Work areas / Work rooms R 10 / V6 Wet barefoot areas :Class B
Flammability	Class B1
Resistance property	Resistant to ultraviolet light, oil, grease, petrol, salt, dilute acids and alkalis,, Common household chemicals and detergents Organic solvents will soften DIAMONTRED insert
Drawing	 <p>108 light grey</p>
